FIRE.-The barn of F. Buckley, in Salt Creek Valley, was struck by lightning and burned on Sunday afternoon. Three wagons, some harness and other valuable property were destroyed with it. There was no lightning rod on the building.

Big Corn.-Capt. Hinman, of Sarcoxie ville, in this county, measured a stalk of corn in his field (upland) on the 8th inst., over fourteen feet high and six inches and a half in circumference five inches above the ground The Captain is one of our best farmers, and is justly pround of his fine crops.

"MOBILIZATION."-As this word frequently occurs in foreign despatches, and a great many people are inquiring the meaning of it, we print it for general information, from Webster:

Mobilization—The calling into active service, troops not previously on the war establishment. Mobilize-To call into active service: applied to troops which, though enrolled were not previously on the war establishment.

Two convicts at the Penitentiary, named Scott and Sexton, attempted to escape, a day or two ago, by running away from the guard as they were being taken into supper from work outside the vard. They were fired on, one of them being wounded in the lip, while several shot passed through the other's cap. It is a wonder they were not killed. One of them loses 15 and the other 13 months time

by the operation.

Mr. SMETHER, of this city, returned yesterday from a freighting expedition to Howard County, Southern Kansas. He reports the crops as excellent all along the route, and especially in Howard County, where most of the corn is from 10 to 14 feet in height. and the ears are higher than a man's head. Night before last, when near Topeka, the party were followed by horsethieves, and all stood guard till morning. They came very near gobbling one fellow who prowled about very close to the camp.

First of August.-The celebration on the first of August is to be an elaborate affair. Besides our own citizens there will be large delegations from Atchison, Wyandotte, Lawrence, Topeka, Junction City, Paola, Fort Scott and other pieces. Three of these delegations will bring bands of music with them. The Seventh Cavalry band will probably be obtained from the Fort. Gov. Harvey, Hon. I. S. Kalloch, Chas. H. Langston, J. Milton Turner, and other distinguished men, will be here to meet Senator Revels and celebrate the day.

MILITARY.-Gen. Pope, accompanied by General Davis, General Morgan, Major Dunn, Captain Ilsby, and Lieutenant Jackson, of his staff, have gone West on a tour of inspection. They will proceed as far as Kit Carson on the railroad, thence towards Forts Dodge and Larned, after which they will return home. They will be gone about two

Academy of Music.

At a meeting of the stockholders in the Kansas Normal Academy of Music, held at Odd Fellows' Hall vesterday, the following officers were elected for the ensuing year:

President-J. G. Reaser, of Leavenworth. Vice-Presidents-S. A. King, and J. H. Mason, of Leavenworth, and J. H. Moore,

of Atchison. Secretary-D. P. Stille.

Treasurer-De F. Fairchild. Trustees-Ed. Russell, S. W. Jones, J. C. Stone, J. A. Halderman, and Geo. A.

The prospects of the Academy are very flattering, and with such reliable men at the head of it as are named above, it cannot fail of being a grand and permanent success.

An article appeared in this paper yesterday morning, copied from the Pleasanton Press in regard to a difficulty between Mr. Jack Massey and a man named Smith, which article, we are informed by parties who claim to know the facts of the case, does great injustice to Mr. Massey. They say that this man Smith went there from Indiana with a gang for the purpose of robbing Mrs Masey of the land. Jack and Smith had some difficulty, which resulted in the latter, who is said to be the larger man of the two, getting whipped. Smith afterwards abused him, and Jack then made him get down on his knees and take back what he had said. Smith's friends came to the rescue and Massey was obliged to leave because there were too many of them.

Camp Meeting. The Leavenworth District Camp Meeting will be held seven miles north of Leavenworth, on the line of the railroad between Atchison and Leavenworth, commencing on the 4th of August. The meeting will be held in a beautiful grove, with an abundance of pure spring water within a few rods of the grounds. Good board tents, large enough to accommodate two families, being 12 feet square and 9 feet high, will be furnished for \$11 00. A boarding tent, under the control of the managers of the meeting, will be on the ground, and good boarding furnished at ble rates. Three trains a day will run between Atchison and Leavenworth, and passengers will be carried at the usual rethe sugar-case, on their own leasehold plantations in the West Indies; and the Calisaya bark is gathered and prepared for expertation from South America by the employees of the firm. Both, therefore, can be guaranteed to be unadulterated, and of the figure of the firm. ates. Dr. and Mrs. Palmer, of N. Y., and other distinguished ministers from abroad will be present. Persons desiring

tents put up will notify either of the undersigned immediately. W. K. MARSHALL, D. P. MITCHELL. PROCEEDINGS OF THE KANSAS LABOR UNION.

Important Information.

Diseases of the Kidneys and Bladder are com-plaints of frequent occurrence in both sexes, which, if neglected and allowed to become chronic, entail upon the sufferer a number of painful and exceed-ingly annoying symptoms, which almost make life a burthen. These symptoms are, first, irritability of the bladder, and frequent desire to empty the same; next, pains in the Back and Loins, and as the disease advances, Mental Depression, Nervous Irritability, and Neurakic Pains appear. Upon the approach of the above mentioned symptoms, prompt means should be used to cure them, and one of the most efficient remedies, for that purpose will be found in Wayne's Diuretic Elixir. ecdaw

THE CRARK The Bleed in Sur

The blood deteriorates in hot weather. Profuse prespiration deprives it of a partient of its nourishing and reproductive properties. Consequently, in Summer, the level loses in some degree, its firmness, the manche lack their usual clasticity and rigor, and the weight of the body distinctive, and the weight of the body distinctive, and the weight of the body distinctive, and the statisticity and rigor, and the weight of the body distinctive, and the statisticity and rigor, and the weight of the body distinctive, and the statisticity and rigor, and the statisticity and recent the level of the limit, viz. the loss of appetite and the weakening of the digestive powers which it occasions. Under these circumstances a wholesome invigorant is evidently needed, and the best and safest is Hostotter's Stomach Bitters. This admirable vegetable tonic and alterative, acts favorably upon the system in several ways. It increases the aspetite and facilitates digestion, thereby inclining the stomach to receive and caubling it to assimilate a due amount of noursbauent. It also tones the relaxed secretive organs and the bowels. Under its operation the process of causcinton, seemioned by the drain through the power, is arrested, the whole frame refreshed and invigorated, and the spirits exhibitated. Scarcely need to be told that it is precisely the stimulant and corrective they ought to take at this season. Thousands of them know the fact by experience. Nothing in the pharmacopein (or out of it) will supply its place—least of all the trashy local nostroms which some uncernpolous dealers would be glod, for the benefit of their own between the control of their own between the control of the control of their own between the control of their own
